

HELD EIGHT HOUR CONFERENCE TODAY

Discussed McKinley's Plan Of Government.

FILIPINOS MANIFESTED GREAT INTEREST IN SCHEME.

Left Apparently Well Pleased and Will Return to Rebel Lines and Report to Aguinaldo—A Number of Skirmishes Reported From Different Parts of Islands—At Marquin, Colorado Volunteers Had a Brush With the Enemy, Whom They Dispersed With a Severe Loss—Rebels Engaged in Building Trenches.

Manila, May 23.—[Special].—The Filipino commissioners and the civilian members of the American commission held an eight hour conference today. A full discussion of the details of McKinley's plan of government for the islands was had.

The Filipino commissioners manifested great interest in the scheme and left apparently well pleased and will return to the rebel lines and will report to Aguinaldo tomorrow. Meanwhile a number of skirmishes with the rebels is reported from different parts of the island.

At Marquin, the Colorado volunteers had a brush with the enemy whom they dispersed with a severe loss. One Colorado volunteer was wounded.

At Santa Rita, Bell's scouts met a small force of rebels and drove them to the north after a brief fight. Three of the scouts were wounded.

For some days past, the rebels near San Pedro Macati have been engaged in building new trenches. Today a detachment from the Twelfth infantry and from the Idaho volunteers dashed out from their lines and drove the insurgents away after a fierce fight. Two Americans were killed and two wounded. The insurgents' loss was heavy.

Manila, May 23.—Prof. Schurman, head of the United States Philippine commission, has submitted the following written propositions to the Filipinos:

"While the final decision as to the form of government is in the hands of the congress, the president, under his military powers, pending the action of congress, stands ready to offer the following form of government:

"A governor general to be appointed by the president; a cabinet to be appointed by the governor general; all the judges to be appointed by the president; the heads of departments and judges to be either Americans or Filipinos, or both; and also a general advisory council, its members to be chosen by the people by a form of suffrage to be hereafter carefully determined upon.

"The president earnestly desires that bloodshed cease and that the people of the Philippines at an early date enjoy the largest measure of self-government compatible with peace and order."

The United States commission prepared the scheme and the president cabled his approval of the form of the document.

The Filipinos have made no definite proposition, except for a cessation of hostilities until they can present the question of peace to the people. Prof. Schurman told the Filipinos they had no means of gathering the people together, as the Americans control most of the ports. He also reminded them that a liberal form of government was offered them, and pointed out that it was better than the conditions existing under Spanish rule.

Goza, president of the Filipino commission, replied that nothing could be worse than Spanish rule, and admitted that the form of government proposed was liberal.

The civilian members of the Filipino commission have declined to co-operate with the other members of that commission, as the former consider Aguinaldo's latest demand to be preposterous, after Maj.-Gen. Otis' refusal of an armistice, referring to his wish for time in order to consult the Filipino congress.

Gen. Otis has again refused Aguinaldo's request for an armistice, made on the pretense of giving him time to learn the desires of his people. The campaign will continue against the rebels until they are driven out or rounded up as prisoners.

There will be no recognition of Aguinaldo or his claim to represent the people of the islands. Unconditional surrender is the only proposition before him. If he chooses to surrender and join with the other natives in trying to show Gen. Otis the Filipino capacity for sharing in the responsibility of government, he may help in establishing local government, subordinate to the authority of the governor-general, and he may help to demonstrate that there are natives qualified to serve as judges and counselors and heads of departments.

HOME-COMING OF VOLUNTEERS. Secretary Alger Providing Every Comfort for the Soldiers from Manila. Washington, May 23.—Final arrangements are being made by direct-

tion of Secretary Alger for the home-coming of the volunteer troops now in the Philippines. It is proposed to give them every comfort possible, both on the voyage from Manila and after their arrival in this country. Reports from Gen. Otis indicate that there will be nearly 2,500 sick to leave the islands. It is very probable that many of these men will be convalescent before arrival at San Francisco. As far as possible the hospital ships will be used to bring home the more seriously ill and badly wounded.

Nearly all the troops will be brought to San Francisco, and Secretary Alger has directed Gen. Shafter at that place to fully prepare a model camp for their reception.

It has not yet been determined if the troops will all be mustered out at San Francisco. It will be left to them to decide. It is considered to the advantage of the men to be mustered out at point of arrival, as the soldiers will be entitled to the amount of their transportation from that place to their homes. At least two of the regiments will not go to San Francisco. It is proposed to send the Oregon volunteers to Vancouver and the Washington regiment to Seattle, Wash.

The commissary department will provide delicacies for use on the transports and in the camp at San Francisco. Special care will be taken to provide the best of food on the transports.

DENTISTS' ACTION HERE NOT LEGAL

HAVE NO AUTHORITY TO MAKE RESTRICTIONS.

While in Session in Janesville This Month the State Dental Board Pursued a Wrong Course—Judge Sutherland Commands the Issuance of a License to Practice.

That the state board of dental examiners, who met in annual session in Janesville this month, had no right to refuse a license to practice dentistry to Peter T. Diamond, was yesterday announced by Judge Sutherland of Milwaukee, in the suit of the state of Wisconsin ex rel. Peter Diamond, against S. Richter et al.

Diamond applied for a license to practice in the state of Wisconsin and presented the fee and a diploma from the Chicago College of Dental Surgery. His application was refused and he brought mandamus proceedings to compel the board to license him. The board had hitherto recognized the Chicago college, but latterly has refused unless the college will incorporate certain branches of study.

In a written opinion Judge Sutherland said:

"The relation shows that the Chicago College of Dental Surgery has every element which ordinarily goes to make up an institution with a good reputation. And there is nothing in this record to indicate or suggest that it is not a reputable institution, whatever meaning may be attached to the word reputable as used in the statute. But the Wisconsin state board of dental examiners assume the right to say to a graduate of that institution: 'You cannot be licensed to practice in Wisconsin unless you get the Chicago College of Dental Surgery to adopt for their course of instruction hereafter, certain studies that we want to have incorporated in their curriculum because if they do not we shall set down their institution as not reliable.' This position of the state board is defective in two vital particulars. In the first place it assumes that the state board in and of itself has a right to determine what shall constitute a reputable dental college. And in the next place it assumes that certain branches of study are essential to reputability as practically applied by the board of Wisconsin. In my judgment neither of these positions can be successfully maintained by the board.

His Message Out of Order.

Lansing, Mich., May 23.—For the first time in the history of Michigan a message from the governor was ruled out of order by a presiding officer of the legislature. Speaker Adams made this ruling on a message received Monday night from Gov. Pingree in answer to the report of the minority of the military committee, which criticized the expenditure of the war appropriation by the governor and state military board. The message was severe in its criticism of the minority, and sought to argue the case.

TWO PROMINENT MEN END LIFE'S JOURNEY

COUNTY CLERK MARESCH, OF MANITOWOC, IS ONE.

S. B. Strong, An Old Resident of Chippewa Falls, Puts a Bullet Into His Brain—Lawyers At Racine Say They Are Swindled—State News.

Manitowoc, Wis., May 23.—The people of this city were deeply shocked yesterday afternoon when it became known that Fred Maresch, county clerk, had committed suicide at his residence at noon. The news spread rapidly through the city, and was received with the deepest sorrow, as he was a popular young man, being elected last fall to the position over a strong opponent. Temporary insanity is the only cause which can be assigned for the deed.

That he made all preparations to kill himself is quite evident, as yesterday morning he called on several friends and bid them good-bye. They supposed he meant to leave the city for a short visit.

Soon after this he went home, undressed himself, and putting on his night robes, lay on his bed and shot himself through the head, the bullet entering near the right temple. Mr. Maresch was a sergeant major in the Second Wisconsin during the campaign with the Spaniards at Porto Rico and served until mustered out. He was very popular with the men of the Second, being kind hearted and liberal to a great extent. He leaves a wife and one son. He was about thirty-two years old.

Suicide of S. B. Strong

Chippewa Falls, Wis., May 23.—S. B. Strong, an old resident, while suffering from Bright's disease and melancholia, put an end to his life this afternoon by a shot in the right temple from a revolver. He was the first passenger conductor on the Chippewa Falls & Western railway, the first railway in this city connecting the city with Eau Claire. By profession he was a civil engineer and was employed in the survey of the Wisconsin Valley railroad from Tomah to Wausau and other railroad enterprises.

Say They Were Swindled.

Racine, Wis., May 23.—The police are looking after a man who gave his name C. R. Graham. He is charged with swindling ex City Attorney Gittings and six other attorneys and persons out of \$16 each. He represented himself to be the agent of Ainsworth R. Spafford, of Washington, general secretary of the committee on distribution of a valuable publication, "Messages and Papers of the Presidents." After getting the money he said the books would come in ten days. Mr. Gittings received a telegram from the committee on distribution that Graham was no representative of the committee, that he was a fraud and to arrest him. Graham left here April 26.

Valuable Papers Left by Robbers

Fond du Lac, Wis., May 23.—Chief of Police Schaefer has received a letter from John Hennessy, of Mount Cavalry, stating that the Marshall Fire Insurance company, of which he is secretary and treasurer, had recovered the papers which were taken from the safe at the time it was blown open. The papers were found by Mathias Kirsten in an opening near where the hand car used by the robbers was set off. Mr. Hennessy states that he will pay a reward of \$100 for the apprehension and conviction of the criminals. The papers were found near where Chief Schaefer said he believed they had been secreted.

Cattle Burned in Car.

Sturgeon Bay, May 23.—A cattle car on the Ahnapee & Western railway caught fire when twelve miles from here. Five cattle burned to death, the property of Joseph Schleiss of Forestville. The car was destroyed. It was behind the engine, and was uncoupled before the flames communicated to other cars.

Poisoned by Brick Cheese.

Watertown, Wis., May 23.—The past week several cases of poisoning have been reported here. One of the physicians in attendance gave it as his opinion that the poison resulted from the eating of brick cheese. The poison did not seem to effect grown people so much as children. Some of the cheese was sent to the state dairy and food commissioner at Madison for analysis. One of the physicians here says that the element is in the milk from certain cows and during its conversion into cheese the poison results.

ADMIRAL DEWEY IS GIVEN AN OVATION

ARRIVED SAFELY AT HONG KONG YESTERDAY.

As the Cruiser Olympia Approached the Harbor, the Warships Fired An Admiral's Salute—British Cheered—Streets of the City Crowded With People Eager to See the Hero.

Hong Kong, May 23.—[Special].—As the cruiser Olympia, which arrived here yesterday, came up into the harbor this morning, the arrival of Admiral Dewey was the occasion for a hearty demonstration.

All warships in the harbor fired the admiral's salute and the sailors on the British warships manned the rigging and cheered.

The Olympia's anchor was hardly down when Aide Scott went ashore and called on Consul Wildman, who returned with him aboard the Olympia. After a brief consultation with the consul Dewey went on shore to call on the governor.

The streets were crowded with people eager to see him.

Troops of the Royal Fusiliers kept the crowds in check.

All the English houses were decorated with British and American flags.

Dewey was received by the British governor with a squad of honor.

All the prominent British officers were gathered to congratulate Dewey and the governor invited him to put up at the government house, but the admiral declined, preferring to spend his stop here at Victoria Peak on the beach.

Washington, May 23.—[Special].—Admiral Dewey cables the navy department that he arrived at Hong Kong with the Olympia Monday afternoon.

RESULT OF DAWSON FIRE.

Wild Scenes Being Enacted—Whisky Flows Free as Water.

Vancouver, B. C., May 23.—F. L. Humes, messenger of the Bank of British North America, who arrived from Dawson Sunday, gives additional facts regarding the Dawson fire. It started in the rooms of Helen Holden from the overturning of a coal-oil lamp, the result of a drunken row. The firemen answered promptly, but the fire engine would not work and the bucket brigade could do nothing.

Owing to so many saloons being burned the barrels were piled high in the streets and the gutters were filled with whisky from the smashed barrels. Whisky was handed out by the dipperful free to everybody. Wild scenes followed the dreadful fire, when gamblers, sporting women and saloon men danced and rolled around the big heaps of miscellaneous furniture, bedding, gambling tables, saloon fixtures, and barrels of liquor piled up out in the marsh beyond the city.

TAKE ADVICE OF GENERAL GOMEZ

Cubans Will Give Up Their Arms.

TO DEPOSIT THEM WITH MAYORS OF MUNICIPALITIES.

Reports From United States Headquarters Say Distribution of the Three Million Dollars Will Begin Next Thursday—Final Adoption of This Arrangement Averted Their Threatened Crisis—Many of the Insurgents Will Retain their Rifles By Trickery, Buying Cheap Guns Which They Will Surrender as Their Regular Arms.

Havana, May 23.—[Special].—Reports from the United States headquarters say that the distribution of the three million dollars to pay the Cuban troops, will begin next Thursday, and the Cubans will deposit their arms with the mayors of municipalities.

The final adoption of this arrangement averted their threatened crisis.

Many of the Cubans will retain their rifles by trickery, buying cheap guns which they will surrender as their regular arms.

Havana, May 23.—The final revision of the agreement between Gens. Brooke and Gomez as to the manner and terms of the disbandment of the Cuban army took place Monday afternoon at a conference between the two generals at the Vedado headquarters. Word by word the decree which the governor-general will publish was gone over, until the language expressed exactly the ideas of the two men.

So far as Gens. Brooke and Gomez are concerned, the matter of the payment of the troops is settled. The new decree differs from that drafted last Tuesday, the provisions of which were given in the dispatches of the same day, in that it defines the form of surrender of the insurgent arms. These are to be delivered to the civil governors and alcaldes of each province, who will retain custody until some date yet to be designated, when the arms will be gathered into two central armories in Havana and Santiago. The custodians of these armories will be mustered-out Cuban soldiers, and though the authority over the armories is undefined, it is understood that it will reside in the Cubans, and probably in Gen. Gomez himself.

This concentration of arms and equipments in the two cities will meet the intention of the administration, which contemplates removing from mobs in the lesser towns, in the event of future dissatisfaction, all power to become dangerous. The other provisions of the week-old decree remain untouched.

To Consider Currency Bill.

New York, May 23.—Senator Aldrich of Rhode Island said last evening that he expected that the republican members of the senate finance committee would hold a conference within the next ten days or two weeks to consider the draft of a currency measure prepared by the republicans of the house ways and means committee, when they met last month at Cape May. CLINTON PIONEER SUMMONED BY DEATH

G. L. DOUGLASS WELL KNOWN
IN ROCK COUNTY.

Mrs. Della L. Cheever Passed Away
At Delavan—Seven-Year Old Son
Of Henry Gibbons Meets With Ac-
cident That Proves Fatal—Change
in the Road Work System.

Clinton, May 28.—G. L. Douglass, a pioneer resident of Rock county, and a man held in high esteem by those who knew him, died at his home in this village Tuesday, May 16, 1899. Deceased was born at Concord, Erie county, New York, August 4, 1820, and was therefore in the 79th year of his age at the time of his death. Mr. Douglass came to Wisconsin in 1837 from Michigan where he lived ten years, and settled on a farm in Bradford, south of Fairfield, the place since then being known as Douglas Corners. He was married in 1842, his wife dying a few years later. He spent two years in California at the time of the gold excitement in 1849 and several years after his return to Wisconsin lived at Lake Superior. At one time he was engaged in the flour milling business at Fontana, Lake Geneva. Since then he lived on his farm until six years ago when he sold out and removed to Clinton. His second wife, whom he married in 1863, died about one year ago. Five years ago he suffered a stroke of paralysis which resulted in total blindness and left him in a feeble condition. He leaves one son and three daughters, the youngest Miss Angie Douglass, remaining at home and caring for him in his declining years. Deceased was a member of the M. E. church here. The funeral services were held at his late home, Thursday, May 18, Rev. W. P. Leek officiating. The interment took place in the cemetery at Big Foot.

Mrs. Della L. Cheever, formerly Mrs. Bailey, died at her home in Delavan, Friday, at 1 o'clock p. m. Deceased was the wife of the late D. G. Cheever, of this place, and had lived here since her marriage until the death of Mr. Cheever two years ago. Since then she and her daughter Phoebe have made their home in Delavan. The funeral occurred at her late home on Monday at 1:30 p. m. and was largely attended. A seven-year old son of Henry Gibbons, who resides east of here, met with an accident at school that cost him his life. The little fellow was playing "injun" with his schoolmates and in some way received injuries that resulted in inflammation of the bowels. He died three days after. The parents have much sympathy in their bereavement. They have one child, a younger son, left. The supervisors of the town of Clinton have made provision for the change in the road work system voted for at the last election, and provides that taxes shall be paid with labor, and appointed the following commissioners to take charge of the highway improvements. The names are: Charles Loomis, K. B. Duxstad, W. P. Woolston, A. W. Shepard, H. O. Natesta, A. Miner, John Keough, Jr., E. E. Tighe and Martin McNeal. Postmaster Mayhew has received notice from Washington that his yearly report recently sent in is entirely correct and satisfactory. This in no small measure reflects to the diligence and care of the officials here as the department is very exacting and complicated accounts covering so long a period are hard to balance to a cent and in other ways be made to conform to the requirements. Miss Angie Douglass was the guest of Miss Jennette McArthur of Emerald Grove, over Sunday. Those from here who attended the encampment of the G. A. R. at Milwaukee last week were J. R. Smith, Dan Loomis, Gunder Larson, Dr. William West, James Black and John Black. Rev. William Moore preached the sermon at the Beloit district convention held at Elkhorn last week. The other delegates present from the Congregational church here were Mrs. J. C. Barker, Mrs. Elizabeth Jones, Saloon Cooper, Ed Shattuck has bought the Hiram Foltz' place, the latter having

moved with family to Pennsylvania. We hear that Charles Babcock has sold out his interest in a Darien meat market, and will enter the employ of the McCormick Machine company. Mrs. Alice Inman expects soon to take up her residence in Janesville with her mother, Mrs. Mary Scott, and her sister-in-law, Mrs. Edith Scott. Many people in Clinton do not relish the new marriage license law, as it drives business away. A couple came here Saturday with matrimonial intentions, but left the state in disgust when informed that they would have to procure a license and wait five days. Elton Preble returned to Chicago Saturday. Mrs. Dickerman and Jessie Belle reached home Saturday evening. Perry Hanson expects to go to Okla homa soon, to remain some time. Mrs. Salisbury of Hampton, Iowa, is visiting her sister, Mrs. J. T. Butler of this place. Mr. Elliott, father of Charles Elliott, is in poor health. J. De Wolf was able to get down town today. He was confined to the house by sickness the past winter. Mrs. Martha Aclay, who spent the winter here with A. Baldwin and family, has returned to her former home in Fairfield. Miss Kate Cooley and her sister, Mrs. Fanny Spalding, will visit New York state next month. Harden's orchestra will furnish the music at an opening party for the season, given at Spring Lawn, Delavan Lake, Thursday evening of this week.

FOOTVILLE BANQUET A SUCCESS

Over One Hundred People Were Present
Saturday Evening

Footville, May 28.—The Epworth League banquet and rally was a success. Over one hundred people were present at the banquet Saturday evening. Four large tables were handsomely adorned and arranged by the committee and the refreshments were fine indeed. Everything passed off lovely and all apparently had a good time. Several responded to toasts and were short and well delivered. Addresses were intermingled with good gospel songs. Prof. A. G. Henry made the welcome address in his pleasing manner, which was ably responded to by District President W. P. Leek, after which C. R. Vesper was introduced as toastmaster. The several speakers ably responded to the toasts from topics assigned them as follows: Chas. Wright represented the Christian Endeavor of Christian church, speaking on "Great Aim of Young People's Society." Rev. O. P. Christian's subject was, "Our Pledge." Mr. John Beck of Orfordville, "Our Motto, Look up Lift up." County Supt. W. M. Ross of Janesville, "Greatest Need." Rev. Stone of Orfordville, "What of the Night." Rev. F. W. Mutchler, pastor of Footville Christian church, responded with a two minutes' talk, giving some good gospel advice, after which James Howe spoke in brief for the Christian Endeavor, of which he is president. The closing remarks were by Rev. W. P. Leek on "Coming Conventions." After announcements by the pastor all went to their homes, hoping that this will not be the last time they meet upon such an occasion. The services on Sunday were well attended. Rev. W. P. Leek preached a wonderfully profound sermon from these words: "It is the power of God unto salvation." Charles Taylor of Orfordville, read a fine paper on "How To Make a League a Success." This and other kindred topics were discussed. The evening service was well attended, consisting of a song service and three addresses by the pastor, Rev. Stone, and Rev. Leek. The addresses were all good; but the service was rather long, and the audience showed signs of fatigue before the close. The rally as a whole was a success. A. H. Richards of Chicago, spent Sunday with his parents, Mr. and Mrs. Charles Richards. W. M. Ross and family of Janesville, spent Sunday at the M. E. parsonage, and enjoyed the rally. Miss Anna Mickleson of Janesville, came out to attend the rally, and was the guest of her sister, Miss Martha Mickleson and Mrs. Flora Richards. Miss Louise and James Owen spent Sunday in our village. Rev. O. P. Christian preaches the Union memorial sermon 10:30 a. m. Sunday at the Christian church. Come. Rev. F. W. Mutchler delivers the Decoration day oration at the M. E. church 2 p. m., May 30. Come. Great improvements are being made at the creamery. Jas. Meehan is said to have purchased the building now occupied by Jas. Dalton. There will be a strawberry social at the home of Mr. and Mrs. N. Curry at Footville, Thursday evening, under the auspices of Christian church. Your are invited to come.

Morrison's Wednesday of last week. Guy Newman was seen in our village one day last week. Miss Eva Turnbull is under the doctor's care. Claude Danks, of Stoughton, was entertained by one of our popular young ladies Sunday evening. Operators Mahanna and Bodenberger took in the ball game at Evansville Saturday. Purdon Wright, day agent, attended a party in Janesville Friday evening. James Boss now rides a wheel. George Morrison spent Sunday at home. La Prairie, May 28.—Corn planting is nearly over. One of our farmers was so unfortunate as to be obliged to replant soon, as the greater part of the first planting decayed. F. H. Rumpff and W. T. Sherman's families have been afflicted with measles, but are coming out all right. J. E. Gleason does not very highly recommend the patent hold back loop he has been using on his buggy fills. Mr. Gleason escaped un-

injured. T. A. Read has finished shearing his flock of sheep. Mrs. C. Wright who passed away Friday last was a kind and loving wife and mother and will be greatly missed by all who knew her. DOWNING PLEASED AUDIENCE

Gave a Good Performance at Myers Grand Last Night

It seems strange that when an attraction of real merit visits the Bower City, there is a lack of appreciation on the part of the local theatre-goers. Such was the case again last evening in the appearance of the well known and familiar actor, Robert Downing. The bill last evening was worthy of a more liberal patronage, but empty seats and a chilly reception were once more in evidence. The performance as a whole last evening was almost as remarkable as Mr. Downing's individually. The smoothness and finish displayed showed intelligence on somebody's part down to the smallest detail. Although it was a small audience that assembled at Myers Grand last night, it was an appreciative one, nevertheless, and witnessed the bill presenting three scenes of plays, portraying the splendor of each in a manner that could not help but suit the tastes of all. The three scenes were from "Ingomar," "The Colonel's Nephew," and the pleasing comedy "Paris in 1793." In scene No. 1, Mr. Downing was seen in his superb characterization of "Ingomar" and the scene was a beautiful one. In it, Mr. Downing showed what love can do, notwithstanding his gaze at empty seats. In it was blended brutality, force, strength and power, against the one little thing that makes the whole world kin; love. As we said, Mr. Downing as the barbarian chief was simply ideal, while Miss Freda Gallick, as Parthenia, was charming. Her song in the portrayal of her part being a feature.

The second sketch, "The Colonel's Nephew," was bright, mingled with laughable situations and brought forth many a laugh.

The sketch of "Paris in 1793," was the second best scene, although it came last on the bill and the leading lights filled their parts with wonderful grace and ease.

Taken all in all the performance is a most excellent one and it is a shame there was not an audience sufficiently large to meet its merits.

PRAISE FOR ILLINOIS TROOPS.

Gov. Tanner Officially Recognizes Volunteer Service in War.

Springfield, Ill., May 23.—By order of the commander in chief, Adj. Gen. Reece Monday issued the following general order No. 10:

"The muster out of the Ninth Illinois volunteer infantry at Augusta, Ga., returns to Illinois the last organization which volunteered its services for the support of the national government in the war with Spain. The governor, as commander in chief of the military forces of the state, desires at this time to officially acknowledge the patriotic spirit which actuated the officers and men to leave their business, homes and families in order to assist the national government in an hour of need. The people of Illinois may well look with pride on the young men of their state, who thus exhibited a brave and fearless spirit and displayed commendable readiness to face hardships, sickness and death and to uphold the honor and flag of the nation. For those who gave up life in hospital or on the field we retain a tender, sympathetic recollection and will inscribe their services on the official records of their state for preservation in its archives. "We welcome home the returned volunteers, hoping that their future in civil life may be a realization of all their fondest hopes."

After California Oil Fields.

Los Angeles, Cal., May 22.—Representatives of the Standard Oil Company have been in southern California for several weeks making a thorough investigation of the oil districts. The intention of the Standard Oil Company, it is now asserted, is to secure oil property in southern California and establish refineries and enter the Asiatic market. The oil industry has grown to be one of the chief industries of the southern part of the state and a promising field is now being opened in Kern and Fresno counties in central California.

TORNADO IN TEXAS.

Lightning Strikes a Church, Killing One and Injuring Fifteen.

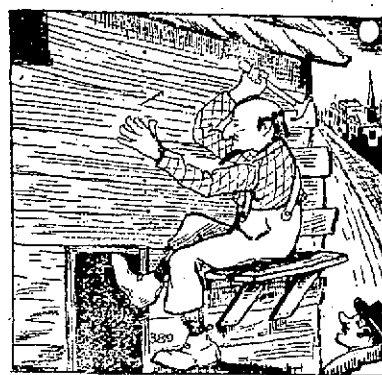

Fort Worth, Texas, May 22.—One of the worst tornadoes that has visited Texas since the cyclone which wiped Cisco off the face of the earth three years ago, and in which some fifty people were killed, passed over the northwest portion of Erath county Sunday noon. Country homes and church buildings were wrecked in several localities, the most serious being at Mt. Pleasant, eighteen miles north of Stephenville, the county seat of Erath county. The noon services had just closed and the people were leaving when the wind struck the building, wrecking it and scattering the debris in all directions. William Kaufman was instantly killed and some fifteen other persons more or less injured, some fatally. Three are in a dying condition, according to late reports.

Alarm creek, six miles southeast of Stephenville, was in the storm's path, and many buildings in that town were leveled, among them the M. E. church. It is reported several were killed, but the rumor has not yet been confirmed here. The report also comes that several people are killed and injured in the country through which the storm passed.

SHOULD "PLAY OR PAY?"

The legislature, at the last session, enacted a law allowing common councils to take charge of all sidewalks in the city, and maintain them at public expense. If the law was adopted, and the work thoroughly done under its provision it would settle the defective sidewalk problem for all time, but the cure would be as bad as the disease. The expense would be heavy, and it is unlikely that the city would keep the walks in better condition than the individuals would. A far more effective arrangement would be the adoption of a charter provision giving the council sweeping authority on sidewalks, and thus enable the aldermen to force property owners to do the work. Then the people who maintained good walks would not be taxed to help the persons who did not. The man who owns the defective sidewalk is the fellow to be squeezed, and if he is not disposed to do his duty, he should be squeezed until he experiences a change of heart. The question of doing away with defective sidewalks is an important one, and nothing can be accomplished until, so to speak, the bull is taken by the horns. The situation is a good deal the same as it was one summer day when the farmers about Lake Koshkonong gathered at a "bee" to raise the frame of a church. The frame was heavy, and after a trial some one suggested a rest and a prayer for strength, while others wanted to try a new plan entirely. One sturdy old pioneer was against any delay, however.

"You can't talk it up, and you can't play it up," he declared, waving his arms, "so now you blankety blank blank blanks, get hold, and lift!"

And then the frame went up. So it is with the sidewalks—they will not be kept in order until the city sharpens a stick and makes the property owner "play or pay."

John D. Rockefeller, the president of the Standard Oil Company, and multimillionaire, is not at "stuck up" as he might be, as the register of a Boston hotel will show. When Richard Harding Davis, the conqueror of "the hated Spaniard," to quote Mr. Dooley's expression, arrived at the hotel, he registered this way:

Richard Harding Davis, and Valet.
Mr. Rockefeller was the next man to register, and noticing the entry made by Davis, he wrote his name as follows:

"John D. Rockefeller and Valet."
Rockefeller, with all his millions, is a plain American citizen, but Davis, to again quote Mr. Dooley, is "a gollup-playin' Anglo Saxon jod."

The Oshkosh man who dislocated his jaw while calling the hogs to supper evidently owned a drove of the Poland-China breed, bestowed upon them Polish and Chinese names, and then called them by their individual cognomens. Unless this is the correct solution, we are inclined to class the story—pending a search of the neighborhood for sand bags and brass knuckles—with the clothes line explanation of the time-honored black eye mysteries.

Even the largest and finest ships that can be built are liable to succumb to old Neptune's wiles. The City of Paris, for instance, was supposed to be able to buffet any sea, and weather any danger, yet when she ran on the Manacle rocks, she was as helpless as a babe. "Dispatches say she may be a total loss."

Senator McMillan and Secretary Ager have combined to pumpeur Governor Pingree's senatorial aspirations, and the indications are that the governor will have to do some mighty energetic work in his political potato patches.

Constant Reader—No, you are in error. It does not necessarily follow that a golf player is a "sausage." You misunderstood the meaning of the word "golf links."

Aguinaldo is now seeking to gain time in hopes that he will thus be enabled to escape "doing time," as the police say.
The base ball players who gather on

"Goose island" should not complain if they find a good many "goose eggs" in the score.

P. J. MOUAT CAN KEEP HIS MILEAGE BOOK

ATTORNEY GENERAL SAYS IT IS NOT BARRED.

Recorder Man Will Not Have to Resign Either as Chairman of the Democratic City Committee, School Commissioner, or Notary Public—Law Does Not Apply.

Peter J. Mouat, chairman of the Democratic City committee, member of the Janesville school board, and notary public, will not have to resign his office because he uses newspaper mileage. Attorney General Hicks, according to Madison dispatches, has rendered an opinion holding that railroad mileage issued for newspaper advertising does not come under the ban of the anti-pass law recently enacted by the Wisconsin legislature providing it is given in good faith for value received, even though the recipient be a notary public or other official. The attorney general is receiving many inquiries as to the scope of the law, some of which are quite amusing. One of the results of the passage of the law is that many officials and employees who have hitherto spent Sundays at home have now moved their families into the capital city.

FILIPINOS MUST SURRENDER.

Only Condition, It Is Said, Upon Which Peace Can Be Arranged.

Washington, May 23.—The negotiations between the Philippine commission and envoys of Aguinaldo or his army have been closed and will not be renewed unless the Filipinos declare their willingness to surrender without condition.

The president received dispatches Monday from Prof. Schurman and Gen. Otis. Gen. Otis informed the president that the Filipino envoys had renewed their overtures, to the effect that Aguinaldo be given some prominence in the proposed administration of the Philippine islands.

While advising the president of the renewal of the proposition of Aguinaldo for favors for himself and his immediate chiefs, Otis also advised the president that the overtures had been finally and absolutely rejected, and also the proposal for an armistice. Gen. Otis has instructed the envoys to say to Aguinaldo that his life will be in no danger when his army surrenders, and that there will be no discrimination against such chiefs as prove themselves to be loyal and capable when the subordinate officers are to be filled under the president's plan of government. Although no bargain will be made in advance of surrender, the order of amnesty will include all Filipinos if they lay down their arms.

WOULD JOIN AMERICANS.

Filipinos on the West Coast Not Friendly to Aguinaldo.

Manila, May 23.—In spite of the presence of the Philippine commissioners in Manila, the military operations continue with unabated vigor.

Reports from persons who have arrived from the interior show that no insurgent troops are left in the northern provinces. They were all drafted south after the outbreak of the war. The villages on the west coast are almost deserted, and the Ilocanos especially are desirous of joining the Americans, if only for the purpose of crushing the Tagals. Many natives of Benguet and Ilocos said that if the Americans had not arrived civil war would necessarily have ensued, owing to the friction between the Tagals and the inhabitants of other provinces.

Dewey Is Now at Hong-Kong.

Hongkong, May 23.—Admiral Dewey will arrive here today on his way home. He is expected to remain here ten days to two weeks, while the Olympia is overhauled and cleaned for the homeward voyage. The British authorities have made elaborate preparations to give Admiral Dewey a reception suitable to his rank and which will show the high esteem in which he is held here.

Irish Clannishness.

The Irish are clannish—that is, they are devoted to those of their own blood. Thousands of dollars are sent every month by Irish servant girls in the United States to the old members of their families in Ireland. A story told in Sir Charles Gavan Duffy's "My Life in Two Hemispheres," shows the intensity of Irish clannishness. It was told to Sir Charles by a kinsman, a gray-haired land holder in Buenos Ayres. "I was present," said he, "a boy in my first breeches, when my elder brother was sharply called for by our father, a strict disciplinarian: 'Mike, bring me your pocket knife.' 'What shall I do?' whispered Mike. 'I've lost my knife.' 'Take mine,' said his cousin, John Duffy. 'Tis the same color.' 'No, no,' muttered my brother. 'The blade of my knife was broken, and father will know the difference at a glance.' John, without a word, put the blade of his knife under his heel and broke it off. 'We do not approve the morality of this transaction; it was immoral, but it was generous in its spirit. It illustrates the "clannish" feeling that has inspired many an Irishman to die for his kinsman."

OFFERS TO A QUEEN.

People Who Wanted to Cure Her and Pray for Her.

The queen of Belgium did not lack sympathy in her recent illness, for, in addition to the most patriotic expressions from her subjects, telegrams and letters came piling into the Belgian court from all quarters, says the Boston Transcript. Perhaps the most original communications were from England. An Englishman addressed a letter to Princess Clementine offering to forward some remarkable device which had cured him of bronchopneumonia, inclosing a photograph which showed into what a healthy specimen of humanity he had since developed. Another, believing her majesty's illness due to cancer, sent a triple-weight letter describing several cures for this disease. A third said his valise was packed and he was only awaiting a telegraphic call, when he would go at his own expense, and guaranteed a cure within twenty-four hours. There were also several letters from clergymen offering to go to Lacken to pray for the queen's recovery, averring that on a similar occasion they had saved the prince of Wales' life by intermediation.

Wars of the Century.

Turkey has been engaged in war thirty-eight years of the present century, considerably more than one-third of the time. Spain comes next with thirty-one years of war; France has had twenty-seven years; Russia, twenty-four; Italy, twenty-three; England, twenty-one; Austria, seventeen; Holland, fourteen; Germany, thirteen; Sweden, ten; Portugal, ten; Denmark, nine. Much of this is for reckoning of Napoleon I.

ROLAND REED COMES IF PEOPLE WISH

MANAGER MYERS CAN BOOK
GREAT COMEDIAN.

Expense Would Be Heavy As Reed Can Dictate His Own Terms to All Managers These Days, and Asks a Heavy Guarantee—To Open Subscription Sale.

Do Janesville people want to see Roland Reed on June 14?

Manager Myers would like to know. He can secure Mr. Reed as the closing attraction for the opera house, but only at a heavy expense. A subscription sale will be opened in a day or two and then Mr. Myers can tell whether or not to book Mr. Reed's company.

Janesville people must buy tickets, however, if they want the famous comedian to appear here. Mr. Reed is not in the business for his health, and does not have to play on any terms but his own. Consequently a heavy guarantee is necessary in order to get his signature to a contract.

Manager Myers has worked hard to provide the best attractions on the road, but many times the venture has proved a losing one. Robert Downing, for instance, drew a beggarly audience, when he should have been greeted with a big audience. Unless he is assured of an advance sale that will pay expenses, Mr. Myers can hardly be expected to give Mr. Reed the guarantee he wants. So the matter now rests with the people. They can see Roland Reed if they want to, and if the noted comedian plays Janesville on the right side of the ledger this season, a date can be secured, undoubtedly, for next year.

Rockford and Madison gave Mr. Reed \$1,000 audiences, and Janesville should certainly do as well.

NEELANDS-MINTYRE MARRIAGE

Ceremony Was Performed This Noon at Home of Bride's Brother

Rev. W. A. Hall of the Court Street M. E. church spoke the magic words at 12 o'clock noon today that united as husband and wife L. W. Neelands and Sarah F. McIntyre, both of Davenport, Iowa. The bride is a sister of ex-County Clerk W. J. McIntyre of this city, and the ceremony was performed at Mr. McIntyre's Forest Park home.

After the extending of most hearty congratulations the guests partook of a repast faultlessly served by Caterer George Shurtliff.

The bride is a most worthy woman and for some time held the responsible position of teacher in the Duncan Business College at Davenport.

The groom is joint agent of the Western and Southwestern Railway. Weighing association with his headquarters at Davenport.

Mr. and Mrs. Neelands, will after a wedding trip to Chicago, Fort Atkinson and Whitewater, take up their home in Davenport, where the best wishes from a host of friends will follow them.

Among the out-of-town guests at the wedding were: Mr. and Mrs. A. Dixon, Mr. and Mrs. Andrew Warner, Mrs. Ruth Warner, Mrs. A. P. Warner, Miss Helen Warner, Miss Lucella Dixon and Blaine Dixon, of Whitewater; Mr. and Mrs. B. C. Brown, Mrs. R. H. McIntyre, Miss Minnie Brown, Miss Gertrude Brown and Miss Anna McIntyre, of Fort Atkinson; Mr. and Mrs. David Walsh, of Milton; Mr. and Mrs. Griggs, of Chicago; Mrs. J. A. Walsh, of Dickens, Iowa; Miss Mabel Curtis, of Hebron, and Miss M. E. Sing, of Elm Dale, Ontario.

SOUP STOCK.—Soup should lay the foundation for the dinner. It should therefore be good soup. The success or failure of all soup depends upon the stock. This is particularly true of consommé or any kindred clear soup that comes its flavor to the stock of which it is composed. Therefore only good meat should be used. Prepare your soup stock by using beef, veal and fowl in the proportion of six parts of beef, two of veal and one of fowl. You can make soup stock of best alone, but you do so at the expense of the aroma and delicacy of the flavor you desire. Try the following: Take six pounds of beef, two pounds of veal (neck or shin bone), body of one fowl, two carrots, one-half yellow turnip, one onion and bits of celery. Add four quarts of water and cook slowly about five hours. Strain and set away to cool in earthen crock. When cold, all fat and be removed, and you have a delicious body for your next soup.

LOCAL FIRM LOSE BY FOREST FIRES

JANESVILLE LUMBER COMPANY
SUFFERS.

Nine Thousand Posts Destroyed by Raging Fires Now Doing Destructive Damage at Cedarville and Vicinity—Alderman H. S. Gilkey and F. R. Pendleton Are Interested.

Alderman H. S. Gilkey today received news of destructive forest fires that are now raging in the vicinity of Cedarville, near Wausaukeo.

According to a late report, Alderman Gilkey and F. R. Pendleton of the Janesville Lumber Company, have had 9000 posts and other stock destroyed in their lumber yard located at Cedarville and which is the only yard of its kind in that village.

The flames threatened to destroy much more valuable property and timber.

Cedarville is a small village with only lumber interests.

No further particulars have been received in this city the report as sent out merely stating the total destruction of the yard and contents. As the only cedar post yard in Cedarville is operated by the Janesville Lumber Company, members of the local firm believe that it is none other than their property.

The Janesville Lumber Company have been unfortunate of late, suffering several losses by forest fire. A few weeks ago the firm were losers to the extent of several hundred dollars by the destruction of their general store, located in the northern pinery district.

INTERSCHOLASTIC FIELD DAY
AT MADISON.

Good Size Delegation Will Go From This City Next Saturday—Bower City Has Good Athletes Entered and Should Carry Away Her Share of the Honors.

Janesville will be well represented at Madison next Saturday, at the interscholastic field day meet.

It is the annual contest of athletes of the high schools of Wisconsin, and the best of talent in this line will meet there.

The lists of entries are now in from all sections of the state, and the attendance from each of the cities will no doubt be large.

In the 100 yard dash the Janesville High school has entered Bump and Griffith.

King & Griffith will try for honors in the 440 yard dash in a strong field of tries.

In the half mile walk Atwood and Murwin have entered, and will no doubt give a good report of themselves.

Litts and Atwood will try for honors in the half mile run in a field of nearly a hundred.

Granger is on the program in the one-third mile bicycle race as well as the one mile cycle race.

In the one mile run Litts, Griffiths and Ryan will take part.

Fitcher is the only entrant from here in the 220 yard dash.

The relay race promises to be one of the best events on the program their being entries from the majority of high schools in the state.

Ryao, Litts, King and Atwood will form the local team.

In the broad jump Bump will be the only local representative.

In the shot put, hammer throw, discus throwing, high jump, pole vault, 120 yard hurdle, and 220 yard hurdle no entries have been made from here.

A good sized delegation expect to accompany the local team and the outcome of the events will be awaited here with much interest.

Power of Deep Sea Waves.
In a high gale, mile-long waves, 200 feet from trough to trough, and forty feet high, roar along the sea at twenty miles an hour with a weight of 60,000 pounds for every foot of their length. Upon these a 600-foot ship, such as the New York or Paris, will rise like a floating leaf, but if the ill-fated ship drifts upon a lee shore, blows of 100,000 tons, delivered with remorseless fury, crush it like an eggshell.

Nature's Barometer

If you want to know what kind of weather we are going to have, just watch the birds. When they stop singing suddenly it is time for all little girls and boys to seek shelter, for there is going to be a thunder shower. If all the birds begin to pick their feathers, wash themselves, and fly to their nests, look out for rain. Parrots and canaries dress their feathers, and are restless and wakeful in the night before a storm. If the peacock cries when he goes to roost, there will be rain before morning. Robins will perch on the topmost branches of trees and whistle when a storm is coming on.

Strange, but True.

THULA WAS AVENGED.

FRIENDS BURIED HER RECREANT LOVER ALIVE.

Result of the Persistent Attention of Black Horse, the Kaw Buck, and His Failure to Marry Her—An Oklahoma Tragedy.

Black Horse, a Kaw Indian, was buried alive near Homing Post, Osage Nation, Oklahoma, recently, because, getting drunk, he failed to attend his own wedding. Seven men are in jail at Homing Post, charged with the crime. The leader of the gang, Frank Johnson, a white who married an Indian, admits the crime, but is ignorant of the fact that they can be punished for it. He said that Black Horse had deceived an innocent girl and should be punished.

Many years ago Black Horse, then a handsome young buck, met Miss Thula Bigheart, the daughter of ex-Chief Bigheart of the Osage nation. They loved each other fondly and became engaged. After that Miss Bigheart went away to Washington to school. In the meantime she forgot her Indian lover, and when she returned last fall to her home there was Black Horse to greet her, but for him she had no fond words. However, as she had promised to be his bride, the date was set and great preparations were made. The ceremony was to be held at the home of Frank Johnson, a relative of Miss Bigheart. Black Horse knew she did not love him as of old, but said nothing. The 100 guests assembled at the home of Johnson and made ready for the feast. The bride looked a trifle pale in her white satin gown. As is the custom, Black Horse was not to come till 9 o'clock, but when that hour arrived he did not show up; neither did he come an hour or two hours later. Miss Bigheart finally became discouraged and invited the guests to be seated at the feast.

After they had all gone, each one expressing regrets and surprise at the missing bridegroom's action, the Indian maiden called aside her three brothers—Bill, Joe and Aleck; the three Johnson boys—Joe, Henry and Si; and her foster uncle, Frank Johnson.

"Now, see here," she said, so the accounts run, "I want revenge on that trifling Indian. He knew I did not want to marry him in the first place, and he has done this for revenge. Now, I want to show him who will have the best revenge. I want you to catch him and bury him alive."

Chief Johnson bowed low, and then all went out. At daylight they returned, and said:

"We found Black Horse lying drunk beside the road, not far from his house. We woke him and asked him why he had not come before to the wedding, and he replied, as you said, that he sought revenge. So we bound him hand and foot, took him to the bank of the river, dug a hole in the sand and buried him there alive."

The Indian girl smiled, as though well pleased. The next day she went away. As the neighbors are far apart, no one knew it, neither did they know that Black Horse had not come to the wedding later, supposing, of course, he had been delayed.

About a week later a party of Kansas hunters camped on the banks of the Arkansas, near Homing Post. While searching along the banks for kindling wood, they noticed the sand being turned up, and Harry Chase, more curious than the rest, decided to investigate. The result was the

MISS BIGHEART IN INDIAN COSTUME.

finding of Black Horse's body. His mouth was open and filled with sand. His features were drawn and the body showed evidence of having been covered while yet alive. Chase reported to Deputy Marshal McGuire, who investigated and arrested the Johnson and Big Heart boys. They ignorantly confessed, and actually believed they had done nothing wrong.

Thula was captured by a deputy marshal at the home of an uncle near Pawhuska. She denies that she intended to escape, and also says she did not tell the brothers and Johnson boys to kill Black Horse by burying him alive. She is said to have remarked to Deputy Marshal McGuire, when taken before her alleged accomplices: "I deny any connection with this crime. My friends were angry when they discovered I and Black Horse did not marry, and they made the suggestion themselves that he should be buried alive. Perhaps I did assent, but I am sure I never told them to do it." She was taken to the house of the jailer, Henderson, and kept under guard. Homing Post is a small town, and the jail is on the principal street. It is a small wooden building in a corral between

two stone buildings, and high walls close the ends of the enclosure. The prisoners are allowed to run loose in this corral, and guards are stationed in picket houses on top of the walls. In a talk with Dr. Hill, who called at the jail to see him, Johnson, who is 55 years old, said: "We took that young Indian down and buried him because he deserved it and had no business to spoil our girl's (meaning Thula Bigheart) prospects that way. She told me she did not want to marry him, anyway, because she had a sweetheart in the East and he (Black Horse) was too common for her. We asked her what should we do with him that night if he could be found, and she said 'to bury him alive.' That's what we done and the son-of-a-gun won't fool anybody else, I guess."

The preliminary trial of the seven men was held before McClellan, justice of the peace, at Homing Post. They pleaded guilty, and, while it was not customary—any old form goes in that country—the justice bound them over

Ninth Regiment Is at Home.

Springfield, Ill., May 23.—The members of the Ninth Illinois regiment, mustered out at Augusta, Ga., last week, reached their homes Monday. Public celebrations, banquets with speeches and other demonstrations marked the reception of the several companies in their home cities. The Ninth was the last of the Illinois volunteer regiments to leave the service of the United States.

The King of Denmark Is Sick.

London, May 23.—Much anxiety is felt in royal circles over the condition of the health of the king of Denmark. It is announced that unless there is an immediate change for the better his daughter, the princess of Wales, who is now at Marseilles, will start for Copenhagen.

Peace Jubilee Opens at Washington.

Washington, May 23.—The national peace jubilee with which Washington will celebrate the return of peace began this morning, and will continue for three days. Incoming trains are bringing many strangers to the city, particularly from the south. A national salute at 7 o'clock this morning from the dispatch-boat Dolphin, the Washington barracks, and Fort Myer, the ringing of chimes and church bells, and the tooting of steam whistles started the three days' celebration. The chief feature of the day will be the military and naval parade, which will move from the peace monument at 2 o'clock and be reviewed by the president and his cabinet. In the evening there will be a display of fireworks at the monument grounds.

Ambassador White Confident.

The Hague, May 23.—Andrew D. White, United States ambassador at Berlin and head of the American delegation, in an interview here said he regarded the situation as promising, and that the first work of organization will be well done. He added: "I think we may arrive at some result on the subject of mediation and arbitration. Although it is undoubtedly impossible to make such action obligatory, it can be rendered at least optional, and I believe that after the conference the powers will recognize that they have at their disposal a means of regulating their differences otherwise than at war. That will be an immense advantage."

Farmers Hold Corn and Oats.

Council Bluffs, Iowa, May 23.—Reports from every station on the Iowa division of the Chicago, Rock Island and Pacific Railway from Davenport to Council Bluffs with the branches, and on the Des Moines Valley division from Keokuk to Ruthven, show the amount of corn in cribs to be 3,992,500 bushels. A conservative estimate of farmers' holdings tributary to these stations is 3,801,000 bushels. The farmers are waiting for higher values before selling.

\$632.50 For a Madstone.

Down at Leesburg, Va., recently, Dr. C. F. Turner, a well-known practicing physician of Snickersville, paid \$632.50 for a "madstone." The stone is believed to have come originally from England. It has been owned in Virginia for years, and there are said to be many cases on record where a single application of the stone has cured a case of hydrophobia. It has also been found to be a sovereign remedy for snake bites. It is about the size of a silver half dollar, looks like sandstone, and is quite porous.

When the stone was put up at auction the bidding was spirited. It started at \$100, and several men went above \$600 before Dr. Turner finally secured it for \$632.50.

Hopkins at the Capital. Washington, May 23.—An impetus was given to the Hopkins speakership talk by the arrival on Sunday of the Illinois candidate. Mr. Hopkins expressed satisfaction at the outlook. He spoke of the great work being done for him by Mr. Cannon. The Illinois candidate is not worried by Henderson's candidacy. He has no fears it will divide the west. Mr. Hopkins says the Iowa delegation is very friendly to him and he expects if Gen. Henderson should withdraw to secure a majority of the vote of the Iowa delegation.

Third of a Million Burned.

New York, May 23.—Fire of unknown origin started early Monday in a building in Freeman street, Brooklyn, used by Vells Brothers as a planing mill, and spread rapidly until nearly an entire block was destroyed. The total loss is estimated at \$300,000. The flames extended to Dagie and Kent streets, destroying a number of houses. The property destroyed included four factories, a planing mill, a blacksmith shop and fourteen dwellings.

"Rafferty of E" Dying.

New York, May 23.—Capt. Malcolm A. Rafferty, company F, Seventy-first New York volunteers, who distinguished himself by his bravery at the battle of San Juan, is reported to be dying at Trinidad, W. I. Capt. Rafferty was born in England thirty-four years ago. He joined the Seventy-first regiment six years ago and steadily advanced and three years later reached the grade of first lieutenant.

Oxford Hall Is Burned.

Philadelphia, May 23.—Fire of unknown origin early Monday destroyed the Oxford Hotel building, including Oxford hall, once famous for political meetings held there, and the Oxford stables. The loss is estimated at \$100,000, partly insured.

Wheat Crop Is a Failure.

Nashville, Ill., May 23.—Reports from all over the entire wheat-raising section of southern Illinois indicate that the crop as harvested will be one of the greatest disappointments ever experienced. Until two weeks ago reports indicated that a full two-thirds crop would be harvested, but since that time the Hessian fly, chinch bug and rust have attacked the growing grain, working such havoc that the crop will be very light.

Porto Rican Battalion.

Washington, May 23.—The secretary of war is taking much interest in the enthusiasm of the Porto Ricans in organizing an insular police, which is doing good work in the island, and also organizing a battalion of United States volunteers to be added to the troops there. Several hundred young Porto Ricans have enlisted in this battalion, and are anxious to show the war department that they can become good and efficient United States soldiers.

JUDGE FOR YOURSELF.

Which Is Better, Try An Experiment Or Profit by a Janesville Citizen's Advice?

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit. But the endorsement of a friend is. Now, supposing you had a bad back. A lame neck or aching one. Would you experiment on it? You will hear of many so-called cures.

But they come from far away places. Its different when the endorsement comes from home. Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: Mr. Samuel Griffin, of 203 Locust St., journeyman carpenter, says: "I had a severe attack of la grippe some time ago, and as the result of this sickness a weakness of the kidneys set in. The secretions from those organs were greatly disordered, and annoying me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result." Doan's Kidney Pills for sale by all dealers. Price 50 cents. HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Two-Thirds of Your Life is Spent in Your Shoes...

Did you ever stop to think of this. Then why not be happy and wear a Shoe that fits your foot, and have the style and fit and wear well? We have our Shoes made by reputable manufacturers, hence we are able to give you the best Shoe that can be made, and our prices as low as "Cheap John" Shoes.

Our celebrated Stacy, Adams & Co.'s Men's fine Shoes; you all know what they are; we carry them in all styles and colors; **\$5.00** price.

Some people do not care to pay quite so much for their Shoes but yet want the snap and style. We can accommodate you in our popular priced Shoes, which we carry in all styles of last, welt sewed, back stays, and everything like a \$5.00 Shoe, but we are making **3 50** the price.

What \$12 Will Buy....

The above named price is marked on several hundred very swell, very pretty, very excellent suits, all bearing the label—Ziegler. The fabrics are pure wool fabrics in fancy patterned colorings, as well as plain black and blue, shapes of coats are double as well as single breasted, and the entire appearance and serviceability of these suits are equal to any which you may have made to measure at \$25.

There is a reason why we sell these Suits at so low a price, but it concerns you not, as it has no bearing at all on quality or price.

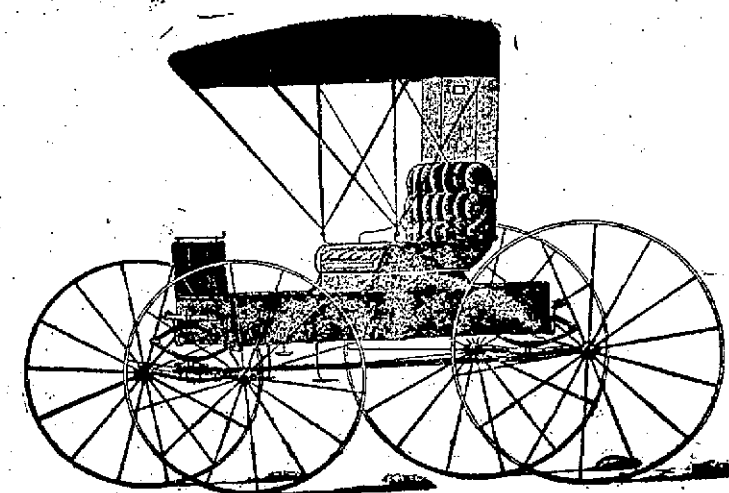

These are rich pickings for early comers. Sluggards lose many a rich plum in this world of opportunities. A Ziegler suit for \$12 is an opportunity which should not be lost.

Buggy Sense. . .

Which pays you best—to buy a vehicle at a low price, with nothing but the outward appearance and the seller's word for its worth—one that is liable to break down or go to pieces in a year or two; or to add a very little more to the price and buy a Buggy direct from the maker—with a reputation covering many years for quality, style and workmanship behind it as a guarantee. "CHEAP" work of any kind is an unknown quantity with us. We build Buggies to stand the severest strain, and are right here on the ground to verify any statement we make.

Your Own Mother....

Did Not Bake Better Bread Than Eureka Bread.

IT IS LIGHT AND YET HAS SUBSTANCE. It does not dry out as most bakers' bread will, because in the ovens where it is baked, live steam is kept on continually, which makes it moist.

Every Modern Idea....

is used in the making and baking of Eureka Bread; there is no reason why it should not excel.

Ask your grocer for it, or hail the wagon.
